

ZENOBIA

Enjoyment comes naturally.

ENVIRONMENTALLY FRIENDLY PAPER PACKAGING

Zenobia paper packaging:
The ecologically friendly alternative made
for our environment!

Make your brand contemporary, sustainable

- 100% recyclable paper packaging made of fresh fibres for disposal in the paper cycle
- A range of packaging forms
- Water-based coatings for combinable barriers against water vapor, grease, oil, oxygen and mineral oil migration
- A natural way to preserve the aroma of the ingredients

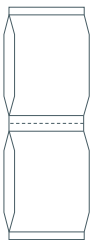

ZENOBIA

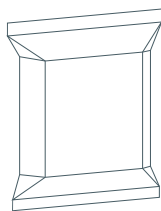

Clearly sustainable: 100 % recyclable paper packaging.

With ZENOBIA, you have the option of producing completely recyclable, tubular, paper bag-packaging. This not only protects our environment, but also makes you a part of the continuing trend towards sustainability so valued among consumers

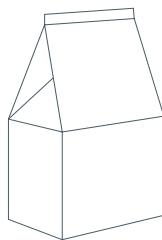

around the world. And your customers still receive packaging that preserves the full aroma of the product. Water-based coatings offer a natural barrier against water vapor, oil, grease and oxygen.
